

MAY ESTABLISH A CANTEN FOR THE PENNSBURY PUPILS

Under Student Council Sponsorship, Aided By P. T. A. Members

ALSO A PLAYGROUND

To Investigate Possibility of Constructing Consolidated School

FALLSINGTON, Mar. 23 — If present hopes reach fruition, the student council of Pennsbury high school will sponsor a Saturday evening canteen in Makefield school auditorium, with Pennsbury Parent-Teacher Association providing hostesses and hosts, and lending or donating badminton equipment.

A representation of the student council called upon the P. T. A. executive board this week to enlist aid. The school board is to be requested to grant use of the auditorium each Saturday evening for canteen purposes. If such permission is secured the hope is to open the canteen on April 2nd. The executive board is comprised of Mrs. Alvan Neeld, Mr. Baldwin, Morrisville, and Mr. White, of Yardley.

Another request to the P. T. A. has come from residents of Fallsington area, who wish the P. T. A. to sponsor a playground here. The P. T. A. executive board decided to write parents in Falls, Makefield and Yardley sections, asking if they wish and will back such a movement. The decision will rest on answers received, states Mrs. Neeld. If such is established a plan will be worked out, it is said, to transport children by bus to the playground, here.

The P. T. A. plans to publish an advertising booklet, with proceeds used to provide scholarships for two members of this year's graduating class of Pennsbury high school. Definite details have not been worked out at yet.

A committee, headed by John Ellis, Raymond Wiese and Charles Kulp was appointed to investigate the possibility of constructing a consolidated school under the school district's present budget. The action followed a statement last week by Medill Bair, supervising principal of Pennsbury schools, that the state legislature had failed to appropriate necessary funds for the new building.

Activities of Interest To All In The Various Communities

GLEANED BY SCRIBES

Discussing the question, "Does it pay to specialize in one branch of farming?" at the meeting of Buckingham Farmers' Club, entertained in the Grange hall at Buckingham, Saturday evening, by Mr. and Mrs. Edward Alcott, Newton Beck and Paul Neppes spoke in favor of the rotation of crops.

Mr. Beck expressed the opinion that potatoes can be made to pay, but if only one crop is raised, the soil has a tendency to deteriorate. He advocated a variety of crops, including grain.

A good farmer, he said, will take care of his buildings, pay his taxes and keep his soil in good condition.

Taking up the discussion, Mr. Neppes said he has known farmers who specialized and produced good crops for a time, but later for some reason or other have reverted to general farming.

Prior to the business session, which was in charge of Richard Burd, a turkey supper was served by Mr. and Mrs. Alcott. During the business session Mr. and Mrs. Robert Anderson were elected to membership.

A SUMMARY OF THE NEWS

The Senate coalition of Republicans and Southern Democrats overrode Administration wishes yesterday and approved a formula for the defeat of votes by municipalities. After having voted off the record twice to kill the Rankin veterans' pension bill, the House reversed itself on a roll-call; the measure's passage in amended form seemed certain. The House, 395 to 3, passed and sent to the Senate authorization for a seventy-group Air Force, a strength opposed by the President. The Army told Congress there would be no more draft calls so long as voluntary enlistments continued at the present rate.

A House committee voted to authorize a fifteen-month extension for the ECA after having altered some financial provisions.

Overriding the opposition of John L. Lewis the Senate, 50 to 11, confirmed Dr. James Boyd as Director of the Bureau of Mines.

The North Atlantic Pact is "the most important step" since the Monroe Doctrine because it is "the greatest war deterrent ever devised," Senator Vandenberg told the United States Conference of Mayors. The French Assembly rejected a Communist move to force debate on the pact before its signature.

Complaints Must Be Signed And Mailed To Officers

According to Elwood A. Britton, treasurer of Bucks County, his office is in receipt of numerous complaints about unlicensed dogs running at large. Mr. Britton states that most of the letters received are not signed and therefore cannot be given any attention. He asks that all such letters be properly signed by the writer. As a means of better handling of such complaints he suggests that the complaints be addressed to George B. Matthews, Dog Law Enforcement Officer for Bucks and Montgomery counties at Ardmore, Pa., or that they be mailed direct to the Department of Agriculture at Harrisburg.

The 50 who attended the Maple Shade-Newportville Parent-Teacher Association meeting in Maple Shade school house, last evening, were later served refreshments by men of the organization. The men prepared a menu of ham sandwiches, potato salad, potato chips, pickles, cup cakes and coffee.

Henry Adams conducted the meeting, with Mrs. Roderic Carey reading minutes of the last session. First grades, taught by Miss Evelyn Teaf and Mrs. A. Swangler, won the attendance banner.

MORRISVILLE GETS PLANS FOR SEWERS

Plans for Financing Are To Be Submitted to Sanitary Water Board

APPROVAL AWAITED

MORRISVILLE, Mar. 23—Francis S. Friel, of Albright & Friel, Inc., Philadelphia, outlined completed plans and specifications for construction of a sewer system and a sewage disposal works for Morrisville at a special session of Borough Council, Monday night.

Council also approved the boundaries to be protected by the Morrisville fire companies. Territory to be protected extends to the Black Rock road, including Westover, then along the Yardley-Morrisville road to Pine Grove road, down Swamp road to the township line and back to the borough.

WOMAN STRUCK BY AUTOMOBILE WHILE CROSSING ROUTE 1

Mrs. Violet Miller, 47, Langhorne R. D., Has Fracture of Wrist

IN TRENTON HOSPITAL

Driver of Car is Gene R. Shirar, 21, Bristol Terrace II

PENNDDEL, Mar. 23 — A woman who was crossing the Lincoln highway, three miles east of Pennell, was struck by an automobile driven by a young Bristol Terrace man last evening, and removed to a Trenton, N. J. hospital.

The injured: Mrs. Violet Miller, 47, R. D. 2, Langhorne, compound fracture of right wrist, multiple contusions and lacerations of face and body. She was admitted to Mercer Hospital, Trenton.

Bucks County Rescue Squad, Croyston, took Mrs. Miller to the hospital.

According to state police of Langhorne barracks, Mrs. Miller was crossing the highway from the north to the south side when she was struck by an automobile operated by Gene R. Shirar, 21, Bristol Terrace II, who was travelling east on the highway. The woman was approximately in the center of the highway when hit.

No arrest was made. The right front fender of the Shirar machine was slightly damaged.

Elect Mrs. C. Lindberg President of Auxiliary

At the regular meeting of Women's Auxiliary, Fleetwing Estates Civic Association, held last evening at the home of Mrs. William Eckstein, considerable business was discussed before the annual election of officers. Three new members were introduced: Mrs. Roland Webb, Mrs. George Seeger and Mrs. Julian Mathis.

President Ruth Kemmerer opened the meeting; the secretary's report was approved; but there was no treasurer's report, since the treasurer, Mrs. Donovan Fagnans, had been ill in Abington Hospital.

The total community contribution to the Boy Scouts' drive was announced.

It was suggested that the auxiliary sponsor a troop of Brownies to be composed of eligible girls in and near Fleetwing Estates (including Bristol Terrace and Edgely), which troop is already in process of formation. After learning something of the limitations of sponsoring a troop, the group voted in favor of it.

The women also took definite action towards arranging to teach groups of children in the Estates constructive activities during the summer; several volunteered to be teachers, and offered suggestions for types of activity that would hold the children's interest.

Mrs. Lindberg suggested that many mothers would enjoy a talk with the kindergarten teachers preferably at one of the regular meetings. The group agreed that this would be of interest to almost all of them.

After the elections were held, the new officers of the Auxiliary were: president, Mrs. Carl Lindberg; vice president, Mrs. William R. Patterson; secretary, Mrs. Robert Hyatt; treasurer, Mrs. William Eckstein; entertainment director, Mrs. Lawrence Harrison.

ANTIDOTE FOR FEAR

Shortly after V-J Day, a report revealing some of the U. S. government's plans for reducing Japanese resistance through biological warfare on crops was issued. The significance of the report was all but buried in the furor over the success of the A-bomb. Biological warfare, temporarily at least, took a back seat in public consciousness.

But since this country's transition into the period of "cold war," unreasonable fear and speculation regarding germ warfare have tended to take the place of common sense. Articles in national magazines have heightened the tensions, and the continued silence of the nation's military planners has only served to give even the most sensational speculation an aura of truth.

Now, evidently, Mr. Forrestal thinks things have gone far enough. His recent, carefully worded report is an attempt to explain, without tipping Uncle Sam's hand too much, some of the capabilities and limitations of these weapons.

He revealed that the most potentially important weapon is biological warfare, but that in this field the U. S. is even with, and perhaps ahead of, other nations. He gives assurance that there is no basis for the claim that a biological superweapon—capable of killing hundreds of millions of people—exists. Fantastic claims for the killing qualities of the A-bomb also came in for some debunking.

The decision to make an authoritative statement must have been a hard one. But the nation should applaud the action. The best antidote for overconfidence, on the one hand, and fear on the other, is frankness. As long as military security is not compromised, this precedent should be followed by Mr. Forrestal's successors.

GREAT INVENTORS

Russians are the greatest inventors the world has ever known. As Americans have already learned in announcements from Moscow, they invented the airplane, the radio, the electric light, the parachute and the transformer long before crude American imitators combined with predatory American capitalists to manufacture these items and make them available to the people of the world.

It was not Benjamin Franklin, but a Russian, who discovered that lightning was electricity. It was still another Russian who discovered penicillin. And so on.

The latest announcement, this time out of Leningrad, swells the list further. It has been generally supposed in this country that Alexander Graham Bell or Daniel Drawbaugh invented the telephone. But it seems the real inventor, years before either was born, was a Russian named Pavel Schilling.

But there can be little doubt that the Russians are the greatest inventors in the world. Didn't they invent all these stories?

Foster Motors Explain Willys Price Reductions

Price reductions announced by Willys-Overland put the company's vehicles at the lowest price level in their field, according to Foster Motors, Willys-Overland dealer.
The price reductions range from \$25 to \$270. In the passenger car field, Willys-Overland now has the lowest-priced full-size station wagon, sedan and sports car, Mr. Foster declared. "The new prices of the Willys-Overland three-quarter ton truck four-wheel drive truck, panel delivery, and Universal Jeep are also in the lowest range of their respective fields," he said.

"These new low prices represent a double saving," Mr. Foster pointed out. "They provide a low initial cost in addition to the well-known thrift of Willys-Overland vehicles in operation and maintenance. They are now America's most economical as well as most useful vehicles. I am proud that our company took the lead in bringing prices down."

How oft we need Thee, O God, instruct us in the art of prayer, the way of communion with Thee. When words fail or mind wanders, accept the feeble endeavor of our wills to do, or the faint flush of our hearts to embrace Thy righteousness and truth. Lead us into perfect peace, prayer's secret; sustain us by an unwavering trust, prayer's victory. Thy name be blessed forever, Amen.

FALLS ALUMNI KNOCKS 5TH WARD OUT OF PLAYOFFS

In one of the most thrilling games of the season, Falls Alumni eliminated the Fifth Ward Sporting Club from the playoffs of the Bristol Basketball League with a close 51-50 triumph last night before a large crowd on the high school court.

It was "Diddle" Anderson who dunked in the winning foul throw with seven seconds of the game remaining to be played. Shortly before that, Gene Lynch had deadlocked the count at 50-50 by dropping in a charity toss.

The fifth was a regular see-saw affair. Fifth Ward had the lead just as many times as the Alumni lads and at no time did either team hold a comfortable margin. Twice Falls had a seven-point margin only to have the Warders come from behind to catch up. In the last four minutes of the contest, the score was knotted four times with Fifth Ward taking the lead twice and Falls once until it won the game in the final seconds.

Falls Alumni meets St. Ann's A. A. in the semi-finals Thursday night on the high school floor.

Recruiting Officer Says It's Not Easy To Join Army

"Joining the Army today" isn't as easy as it used to be.

"In years gone by, all that a militant-minded youth had to do was to walk into a recruiting station, qualify for enlistment, and board a train for a training camp. Today, however, enlistees in the United States Army and the United States Air Force meet higher enlistment standards and, in many cases, actually 'sweat out' a waiting list."

Those facts were learned in an interview with Sergeant Roberts, Army and Air Force recruiter, in the Grand Theatre Building.

"During the past several months, voluntary enlistments in both the Army and the Air Force have been very much on the up-grade. Consequently, a cut-back of inductions under the Selective Service Act have been effected, enlistment standards in the Regular Army and Air Force have been raised, and a number of prospective recruits are being placed on 'waiting lists.'"

Sergeant Roberts explained the "waiting list" as resembling the purchase of a new automobile. Those prospects accepted are placed on priority lists in the order of their qualifications and notified as vacancies occur.

"But," added the sergeant, "here in the Bucks county area, the average youth falls into one of the top priority groups. In most cases, they have no waiting period whatsoever. A good majority of those now on waiting lists are those falling below the average type of youth."

Say Old Papers No Longer Have A Value

CHICAGO, Mar. 23—You might as well stop saving old newspaper and magazines. The scrap industry no longer will buy them. In fact, you will have to pay to have them hauled away.

Members of the National Association of Waste Material Dealers announced this decision today.

Reason for the decision, called the "first in the industry's history," is the glut of waste paper in warehouses and the high cost of handling it.

The decision does not affect higher grades of waste paper—such as envelope cuttings, printers' shavings and brown wrapping paper.

STOLL DOES SOME BRILLIANT SCORING FOR ST. ANN'S FIVE

"Kenny" Stoll gave a brilliant exhibition of shooting last night on the high school floor as he led St. Ann's A. A. to a sparkling 57-47 victory over Franklin A. C. to eliminate that team from the playoffs of the Bristol Basketball League.

Stoll was bottled pretty well in the first quarter of last night's fracas but from then on he was a master in his own. Six of the seven field goals made by the lad from North Dakota were the most beautiful shots witnessed by the spectators. Stoll was shooting them from behind the boards and putting enough twist on the ball to make them drop through the rim.

When Stoll was being guarded closely, he was aiding Wilbur VanLenten and Tony Palumbo to do the scoring with the result that this trio accounted for 51 of the winners' points with Stoll having 19, VanLenten, 17, and Palumbo, 15.

Despite, all this St. Ann's scoring, the "Saints" had a tough night of it. The youthful Franklin team went down fighting all the way. Even when the Purple and Gold had a nice margin of points, the Franks kept plugging and twice erased large St. Ann's leads. At one time in the second quarter, St. Ann's had a 27-17 lead but yet at the early part of the third canto, the score was 31-30.

In the first game Thursday night, the Philadelphia Eagles will play the Bristol League All-Stars. The All-Stars will be managed by John Stein, of Rohm and Haas, and Peter Harkins, of the Hibernians.

A Quakertown man escaped serious injury Sunday afternoon when a Reading freight train struck his car and carried it 525 feet before coming to a halt.

John E. Murphy, 23, received lacerations of the right side of his head. His car was struck at Fairview crossing, 100 feet south of Quakertown. It was ruined. Murphy remained in the car while it was being dragged, according to State Police. Sidney Pile, Bethlehem R. D. 2, was engineer of the train.

President Judge Hiram H. Keller, who presided, charged the jury for more than an hour, and the interesting thing about the case was that one of the defendants, James Duffy, never appeared in court here.
The other defendant, Earl E. Smith, attempted to deny agency, basing his defense on the grounds that, although the car was his,

Duffy was not in his employ and did not have Smith's owner's card to the car at the time of the accident.

MAY ESTABLISH A CANTEN FOR THE PENNSBURY PUPILS

Under Student Council Sponsorship, Aided By P. T. A. Members

ALSO A PLAYGROUND

To Investigate Possibility of Constructing Consolidated School

FALLSINGTON, Mar. 23 — If present hopes reach fruition, the student council of Pennsbury high school will sponsor a Saturday evening canteen in Makefield school auditorium, with Pennsbury Parent-Teacher Association providing hostesses and hosts, and lending or donating badminton equipment.

A representation of the student council called upon the P. T. A. executive board this week to enlist aid. The school board is to be requested to grant use of the auditorium each Saturday evening for canteen purposes. If such permission is secured the hope is to open the canteen on April 2nd. The executive board is comprised of Mrs. Alvan Neeld, Mr. Baldwin, Morrisville, and Mr. White, of Yardley.

Another request to the P. T. A. has come from residents of Fallsington area, who wish the P. T. A. to sponsor a playground here. The P. T. A. executive board decided to write parents in Falls, Makefield and Yardley sections, asking if they wish and will back such a movement. The decision will rest on answers received, states Mrs. Neeld. If such is established a plan will be worked out. It is said, to transport children by bus to the playground, here.

The P. T. A. plans to publish an advertising booklet, with proceeds used to provide scholarships for two members of this year's graduating class of Pennsbury high school. Definite details have not been worked out at yet.

A committee, headed by John Ellis, Raymond Wiese and Charles Kulp was appointed to investigate the possibility of constructing a consolidated school under the school district's present budget. The action followed a statement last week by Modill Bair, supervising principal of Pennsbury schools, that the state legislature had failed to appropriate necessary funds for the new building.

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All In The Various Communities

GLEANED BY SCRIBES

Discussing the question, "Does it pay to specialize in one branch of farming?" at the meeting of Buckingham Farmers' Club, entertained in the Grange hall at Buckingham, Saturday evening, by Mr. and Mrs. Edward Alcott, Newton Beck and Paul Neppes spoke in favor of the rotation of crops.

Mr. Beck expressed the opinion that potatoes can be made to pay, but it only one crop is raised, the soil has a tendency to deteriorate. He advocated a variety of crops, including grain.

A good farmer, he said, will take care of his buildings, pay his taxes and keep his soil in good condition. Taking up the discussion, Mr. Neppes said he has known farmers who specialized and produced good crops for a time, but later for some reason or other have reverted to general farming.

Prior to the business session, which was in charge of Richard Burd, a turkey supper was served by Mr. and Mrs. Alcott. During the business session Mr. and Mrs. Robert Anderson were elected to membership.

A SUMMARY OF THE NEWS

The Senate coalition of Republicans and Southern Democrats overrode Administration wishes yesterday and approved a formula for the decontrol of rents by municipalities. After having voted off the record twice to kill the Rankin veterans' pension bill, the House reversed itself on a roll-call; the measure's passage in amended form seemed certain. The House, 395 to 3, passed and sent to the Senate authorization for a seventy-group Air Force, a strength opposed by the President. The Army told Congress there would be no more draft calls so long as voluntary enlistments continued at the present rate.

A House committee voted to authorize a fifteen-month extension for the FCA after having altered some financial provisions. Overriding the opposition of John L. Lewis the Senate, 59 to 11, confirmed Dr. James Boyd as Director of the Bureau of Mines.

The North Atlantic Pact is "the most important step" since the Monroe Doctrine because it is "the greatest war deterrent ever devised," Senator Vandenberg told the United States Conference of Mayors. The French Assembly rejected a Communist move to force debate on the pact before its signature. Britain announced large-scale re-

Complaints Must Be Signed And Mailed To Officers

According to Elwood A. Britton, treasurer of Bucks County, his office is in receipt of numerous complaints about unlicensed dogs running at large. Mr. Britton states that most of the letters received are not signed and therefore cannot be given any attention. He asks that all such letters be properly signed by the writer. As a means of better handling of such complaints he suggests that the complaints be addressed to George B. Matthews, Dog Law Enforcement Officer for Bucks and Montgomery counties at Ardmore, Pa., or that they be mailed direct to the Department of Agriculture at Harrisburg.

The 50 who attended the Maple Shade-Newportville Parent-Teacher Association meeting in Maple Shade school house, last evening, were later served refreshments by men of the organization. The men prepared a menu of ham sandwiches, potato salad, potato chips, pickles, cup cakes and coffee.

Henry Adams conducted the meeting, with Mrs. Roderic Carey reading minutes of the last session. First grades, taught by Miss Evelyn Teaf and Mrs. A. Swangler, won the attendance banner.

The sum of \$5 was voted to each room for purchase of "rainy day" equipment, games to be used when weather is inclement.

WOMAN STRUCK BY AUTOMOBILE WHILE CROSSING ROUTE 1

Mrs. Violet Miller, 47, Langhorne R. D., Has Fracture of Wrist

IN TRENTON HOSPITAL

Driver of Car is Gene R. Shirar, 21, Bristol Terrace II

PENNDDEL, Mar. 23 — A woman who was crossing the Lincoln highway, three miles east of Pennell, was struck by an automobile driven by a young Bristol Terrace man last evening, and removed to a Trenton, N. J., hospital.

Bucks County Rescue Squad, Croydon, took Mrs. Miller to the hospital.

According to state police of Langhorne barracks, Mrs. Miller was crossing the highway from the north to the south side when she was struck by an automobile operated by Gene R. Elect Mrs. C. Lindberg President of Auxiliary

At the regular meeting of Women's Auxiliary, Fleeting Estates Civic Association, held last evening at the home of Mrs. William Eckstein, considerable business was discussed before the annual election of officers. Three new members were introduced: Mrs. Roland Webb, Mrs. George Seeger and Mrs. Julian Mathis.

President Ruth Kemmerer opened the meeting; the secretary's report was approved; but there was no treasurer's report, since the treasurer, Mrs. Donovan Pagnan, had been ill in Abington Hospital. The total community contribution to the Boy Scouts' drive was announced.

It was suggested that the auxiliary sponsor a troop of Brownies to be composed of eligible girls in and near Fleeting Estates (including Bristol Terrace and Edgely), which troop is already in process of formation. After learning something of the limitations of sponsoring a troop, the group voted in favor of it.

The women also took definite action towards arranging to teach groups of children in the Estates constructive activities during the summer; several volunteered to be teachers, and offered suggestions for types of activity that would hold the children's interest.

Mrs. Lindberg suggested that many mothers would enjoy a talk with the kindergarten teachers preferably at one of the regular meetings. The group agreed that this would be of interest to almost all of them.

After the elections were held, the new officers of the Auxiliary were: president, Mrs. Carl Lindberg; vice president, Mrs. William R. Patterson; secretary, Mrs. Robert Hyatt; treasurer, Mrs. William Eckstein; entertainment director, Mrs. Lawrence Harrison.

ONE MAN'S OPINION

By Walter Kiernan (Distributed by International News Service)

Can't figure John Lewis organizing cab drivers. . . . It's not like him to tie up with anyone who will put him in a back seat.

Must be something he thought up on vacation. . . . Last time he took two weeks off he organized milk maids.

But it was logical. . . . milk comes from cows, cows eat hay, hay grows in the earth, the earth contains minerals, minerals are mined. . . . Welcome to the UMW!

And for New York it would be a break to have United Mine Workers taxi drivers. We've tried for years to find a quick route across town. . . . now we can get a driver who will dig one.

But will it be an accident or a jurisdictional dispute when a UMW cab and an AFL truck collide with a Transport Workers Union bus?

ANTIDOTE FOR FEAR

Shortly after V-J Day, a re-
port revealing some of the U. S.
government's plans for reducing
Japanese resistance through bio-
logical warfare on crops was is-
sued. The significance of the re-
port was all but buried in the
furore over the success of the
A-bomb. Biological warfare, tempo-
rarily at least, took a back seat
in public consciousness.

But since this country's transi-
tion into the period of "cold war,"
unreasoning fear and specu-
lation regarding germ warfare
have tended to take the place of
common sense. Articles in na-
tional magazines have heightened
the tensions, and the continued
silence of the nation's military
planners has only served to give
even the most sensational specu-
lation an aura of truth.

Now, evidently, Mr. Forrestal
thinks things have gone far
enough. His recent, carefully
worded report is an attempt to
explain, without tipping Uncle
Sam's hand too much, some of the
capabilities and limitations of
these weapons.

He revealed that the most po-
tentially important weapon is bio-
logical warfare, but that in this
field the U. S. is even with, and
perhaps ahead of, other nations.
He gives assurance that there is
no basis for the claim that a
biological superweapon—capable
of killing hundreds of millions of
people—exists. Fantastic claims
for the killing qualities of the
A-bomb also came in for some
debunking.

The decision to make an au-
thoritative statement must have
been a hard one. But the nation
should applaud the action. The
best antidote for overconfidence,
on the one hand, and fear on the
other, is frankness. As long as
military security is not compro-
mised, this precedent should be
followed by Mr. Forrestal's suc-
cessor.

GREAT INVENTORS

Russians are the greatest in-
ventors the world has ever known.
As Americans have already learned
in announcements from Mos-
cow, they invented the airplane,
the radio, the electric light, the
parachute and the transformer
long before crude American imi-
tators combined with predatory
American capitalists to manufac-
ture these items and make them
available to the people of the
world.

It was not Benjamin Franklin,
but a Russian, who discovered
that lightning was electricity. It
was still another Russian who
discovered penicillin. And so on.

The latest announcement, this
time out of Leningrad, swells the
list further. It has been generally
supposed in this country that
Alexander Graham Bell or Dan-
iel Drawbaugh invented the tele-
phone. But it seems the real in-
ventor, years before either was
born, was a Russian named Pavel
Schilling.

But there can be little doubt
that the Russians are the greatest
inventors in the world. Didn't
they invent all these stories?

Foster Motors Explain Willys Price Reductions

Price reductions announced by
Willys-Overland put the company's
vehicles at the lowest price level in
their field, according to Foster Mo-
tors, Willys-Overland dealer.
The price reductions range from
\$25 to \$270. In the passenger car
field, Willys-Overland now has the
lowest priced full-size station wa-
gon, station sedan and sports car.
Mr. Foster declared, "The new prices
of the Willys-Overland three-quarter
ton truck, four-wheel drive truck,
panel delivery, and Universal Jeep
are also in the lowest range of their
respective fields," he said.

"These new low prices represent
a double saving," Mr. Foster pointed
out. "They provide a low initial
cost in addition to the well-known
thrill of Willys-Overland vehicles in
operation and maintenance. They
are now America's most economical
as well as most useful vehicles. I
am proud that our company took the
lead in bringing prices down."

Today's Quiet Moment

By the Rev. Smerian B. Brown
Pastor
Bethel A.M.E. Church

How oft we need Thee, O God, instruct us in the art of prayer, the way of communion with Thee. When words fail or mind wanders, accept the feeble endeavor of our wills to do, or the faint flush of our hearts to embrace Thy righteousness and truth. Lead us into perfect peace, prayer's secret; sustain us by an unwavering trust, prayer's victory. Thy name be blessed forever. Amen.

Mrs. Aubrey Parker, Collingdale, was a Monday luncheon guest of Mr. and Mrs. Wilson Black, Taft street.

FALLS ALUMNI KNOCKS 5TH WARD OUT OF PLAYOFFS

In one of the most thrilling games of the season, Falls Alumni eliminated the Fifth Ward Sporting Club from the playoffs of the Bristol Basketball League with a close 51-50 triumph last night before a large crowd on the high school court.

It was "Dickie" Anderson who dunked in the winning foul throw with seven seconds of the game remaining to be played. Shortly before that, Gene Lynch had deadlocked the count at 50-50 by dropping in a charity toss.

The tilt was a regular see-saw affair. Fifth Ward had the lead just as many times as the Alumni lads and at no time did either team hold a comfortable margin. Twice Falls had a seven-point margin only to have the Warders come from behind to catch up. In the last four minutes of the contest, the score was knotted four times with Fifth Ward taking the lead twice and Falls once until it won the game in the final seconds.

Falls Alumni meets St. Ann's A. in the semi-finals Thursday night on the high school floor.

Recruiting Officer Says It's Not Easy To Join Army

"Joining the Army today" isn't as easy as it used to be.

"In years gone by, all that a militant-minded youth had to do was to walk into a recruiting station, qualify for enlistment, and board a train for a training camp. Today, however, enlistees in the United States Army and the United States Air Force meet higher enlistment standards and, in many cases, actually 'sweat out' a waiting list."

These facts were learned in an interview with Sergeant Roberts, Army and Air Force recruiter, in the Grand Theatre Building.

"During the past several months, voluntary enlistments in both the Army and the Air Force have been very much on the up-grade. Consequently, a cut-back of inductions under the Selective Service Act have been effected, enlistment standards in the Regular Army and Air Force have been raised, and a number of prospective recruits are being placed on 'waiting lists.'"

Sergeant Roberts explained the "waiting list" as resembling the purchase of a new automobile. Those prospects accepted are placed on priority lists in the order of their qualifications and notified as vacancies occur.

"But," added the sergeant, "here in the Bucks county area, the average youth falls into one of the top priority groups. In most cases, they have no waiting period whatsoever. A good majority of those now on waiting lists are those falling below the average type of youth."

See Old Papers No Longer Have A Value

CHICAGO, Mar. 23—You might as well stop saving old newspapers and magazines. The scrap industry no longer will buy them. In fact, you will have to pay to have them hauled away.

Members of the National Association of Waste Material Dealers announced this decision today.

Reason for the decision, called the "first in the industry's history," is the glut of waste paper in warehouses and the high cost of handling it.

The decision does not affect higher grades of waste paper—such as envelope cuttings, printers' shavings and brown wrapping paper.

STOLL DOES SOME BRILLIANT SCORING FOR ST. ANN'S FIVE

"Kenny" Stoll gave a brilliant exhibition of shooting last night on the high school floor as he led St. Ann's A. to a sparkling 57-47 victory over Franklin A. C. to eliminate that team from the playoffs of the Bristol Basketball League.

Stoll was bottled pretty well in the first quarter of last night's fracas but from then on he was a master in his own. Six of the seven field goals made by the lad from North Dakota were the most beautiful shots witnessed by the spectators. Stoll was shooting them from behind the boards and putting enough twist on the ball to make them drop through the rim.

When Stoll was being guarded closely, he was aiding Wilbur VanLenten and Tony Palumbo to do the scoring with the result that this trio accounted for 51 of the winners' points with Stoll having 19, VanLenten, 17, and Palumbo, 15.

Despite all this St. Ann's scoring, the "Saints" had a tough night of it. The youthful Franklin team went down fighting all the way. Even when the Purple and Gold had a nice margin of points, the Franks kept plugging and twice erased large St. Ann's leads. At one time in the second quarter, St. Ann's had a 27-17 lead but yet at the early part of the third canto, the score was 31-30.

In the first game Thursday night, the Philadelphia Eagles will play the Bristol League All-Stars. The All-Stars will be managed by John Stein, of Rohm and Haas, and Peter Harkins, of the Hibernians.

John E. Murphy, 23, received lacerations of the right side of his head. His car was struck at Fairview crossing, 100 feet south of Quakertown. It was ruined. Murphy remained in the car while it was being dragged, according to State Police. Sidney Pile, Bethlehem R. D. 2, was engineer of the train. Murphy was treated at a Quakertown clinic, here, and discharged.

had never worn bifocals, even though she was 47, until after the crash when she was thrown from her bed and suffered severe head-aches.

The husband, Renee, who is now employed as a chef in a diner, received \$165.20 for his pain and suffering.

President Judge Hiram H. Keller, who presided, charged the jury for more than an hour, and the interesting thing about the case was that one of the defendants, James Duffy, never appeared in court here.

The other defendant, Earl E. Smith, attempted to deny agency, basing his defense on the grounds that, although the car was his,

Duffy was not in his employ and did not have Smith's owner's card to the car at the time of the accident.
